Safety Areas — [horizontal lines] numbered 1,2,3,4, and 5. These are the ‘general areas’ that God the Father circled with His finger during the vision on the Mount of the Most High. It continues to mean to us that God the Father will provide food and lodging here for many Americans during the war. These are not to be confused with, ‘Green Pastures’ which are smaller areas of safety [some just a few acres in size] scattered across the nation. Many will be led by diving inspiration or angels to these places when the need is most apparent.

Earthquake Zone — lines slanting from North points to South East] Every city and town within this area can be expected to be destroyed or heavily damaged by the earthquake.

Underwater — [criss-crossing lines] Florida’s southern half will be under water. Also some parts of southern Alabama and Louisiana will be under water. The exact areas are not known, but they are quite likely to be low lying areas close to sea level. Fighting Zones — [bold lines with arrows] Generally speaking, everything within fifty [50] miles of these lines will probably be destroyed by advancing enemy forces. These areas will be combat zones, and battle routes, thereby the sites of many pitched battles. Unless the Lord distinctly leads you to stay in one of these zones, plan to move to safety, after the Chicago earthquake.

Nita Johnson's USA Invasion/Devastation Map

Nita saw, in a vision, that the solid areas in the map as had disappeared. The cross hatched areas had suffered much devastation.

Sister Hattie's USA Devastation Map

The important feature revealed here is the large new great lake, to be caused by a future New Madrid Earthquake, in the area currently occupied by the Mississippi River. The coastal area of Texas was also shown as reduced.

ASTEROID EVACUATION ZONE MAP

Below, you can see the recommended evacuation zone map. The red areas are certain to be inundated. The yellow areas will probably be inundated, but there are fewer prophetic witnesses. The blue areas represent mountainous safe zones. The green areas are safe as well. The cross hatched green area in Northern Florida is the subject of prophetic disagreement: several say it is safe, and several say it is not. I recommend that you regard it as not safe, and evacuate the area when the Lord gives out the dream warnings to His servants that He has promised to give twenty hours before this event occurs.
