Handler contacts Mark, gets him to buy empty house across Grandma's house to keep me busy

Mark eventually sees me cutting grandma and grandpa's grass

Mark begins cutting his grass

Mark deliberately hits metal object in backyard w/ lawnmower (high grass, great reason to not "know" it was there)

Mark explicitly calls out to me, while I'm busy cutting the grass, asks for my email for paypal payment, instead of cash (even though says he can go get cash)

Mark contacts me for additional lawn cutting work

Mark "handles" people if 'they cross him'

machine has leaked very recently, we called 911

machine is actually leaking 24/7, from negligible amounts to being quite potent in Ant's backyard

why is Lamour St. so different than Clear St.?

if we try contacting Harrison Township and get it fixed, will we recieve an unusual response of basically 'no, we don't talk about that'

why is this problem not actually fixed?
